

to fund vitally necessary capital improvements to the Learning Center facilities. Without this legislation, these improvements and non-federal expenditures would not be allowed and the Learning Center could not continue due to dilapidation.

This legislation, therefore, should be considered non-controversial and an exercise in cooperative and effective local, state and federal government relations.

The Five Mile Regional Learning Center is an Outdoor Environmental Education School that benefits youth from all over the state of California. Classes range from forest to raptor studies with an emphasis on natural resource conservation. In addition to the environmental education program the school district offers course work on character development, team building, and individualized challenge activities such as high ropes. During the summer the site is used by a variety of groups, including Educators, DeMolay, Girl Scouts, basketball camps and school leadership students. In addition, a number of counties in conjunction with local and state agencies bring "At risk kids" to the program's Life's Alternatives Involving Risks (LAIR) Adventure Academy.

The Regional Learning Center serves 138 schools from approximately 60 school districts in California. Approximately 14,000 students participated in this educational program last year. Counties served include: Contra Costa, El Dorado, Fresno, Madera, Marin, Merced, Sacramento, San Francisco, San Joaquin, San Luis Obispo, Stanislaus, Toulumne, and Tulare. It operated three basketball camps that reached nearly 1,000 boys and girls. DeMolay, Fresno North LDS, and Four Square Church account for another 400 people using the facility. A project is in development that would utilize the LAIR area as an Elderhostel site focusing on living during the Gold Rush days.

The Five Mile Regional Learning Center is a Forest Service Administrative site located in the Mi Wok Ranger District, Stanislaus Forest. The site includes bartacks, a mess hall, classrooms, a gymnasium and shop buildings. This site is 27.1 acres.

Approximately 100 additional acres adjacent to the National Forest are used as part of the comprehensive conservation/education program for trails, campsites, ballfields, bird mew sites, bird blinds, and a tree nursery.

The 120 acre Five Mile Regional Learning Center has been operated by the Clovis Unified School District since 1989. Prior to that the Fresno County Office of Education starting in 1969 operated the project.

While the Five Mile Regional Learning Center is located on National Forest Land, the federal government plays no role in the operation or maintenance of the facilities used by the program or in delivery of the educational program. The National Forest Service merely permits the use of these facilities and lands to the Clovis Unified School District, and monitors the program to ensure that permit requirements are adhered to.

The buildings and structures that are located on the 27.1 acres of main property have been in existence since the early 1960's. However, the Forest Service has not funded or appropriated monies to maintain or operate these buildings. According to Forest Service documents the "Regional Learning Center facility has outlived its life by years and if it were not for the efforts of the Clovis Unified School District, the buildings would be in a state of disrepair useable to no one."

In addition, Stanislaus National Forest Supervisor Ben Del Villar has stated to the Clovis Unified School District, in correspondence, "We believe that your acquisition of the learning center would be in the best interest of the public and the Forest Service."

Without transfer of ownership the Clovis Unified School District is prohibited from spending its money on capital improvements to ensure that these facilities do not fall into disrepair to the extent that they would be unusable.

The Clovis Unified School District has on average spent more than \$1 million per year over the last 12 years on operation and maintenance.

In addition to the ongoing commitment of more than \$1 million per year in operation costs, the Clovis Unified School District is willing to invest \$5 million over 5 years in capital improvements and renovations to the existing facilities.

The legislation authorizes a new Special Use permit that would essentially continue the authorization for Clovis to use the adjacent 100 or so acres presently used but on which no structures in need of capital improvement exist.

The federal costs of this transfer are administrative-only and negligible to the value that the school district will be spending to increase the value of the property and run this important educational program for the children of California.

#### HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 4, 2001*

Mr. SCHAFFER. Mr. Speaker, I rise today to recognize the First National Bank of Las Animas, Colorado. Last month, First Bank celebrated its 100th year of business.

First National received its original charter on November 26, 1901, by the U.S. Comptroller of Currency. The history of First National can be traced to 1875 when it was then named Bent County Bank. At the time, it was the only bank between Pueblo, Colorado and Garden City, Kansas. Mr. Speaker, I congratulate the bank for its longstanding presence and exemplary service to the community of eastern Colorado.

First National Bank has long been a foundation of capitalism and commerce in Bent County. Opening with only \$50,000 in capital, the bank has grown to over \$102 million in assets. First National Bank has been a fixture in the community and is a key reason why Las Animas continues to be one of the strongest economic centers in eastern Colorado.

As a company located in Colorado's Fourth Congressional District, First National Bank is a source of pride for the community of Bent County and all people of Colorado. Throughout the course of history the bank has helped many Coloradans. It is with honor and pride I wish First National a happy 100th Birthday. I ask the House to join me in extending wholehearted congratulations to First National Bank of Las Animas, Colorado.
